DREXEL UNIVERSITY

PHILADELPHIA, PA

50th Anniversary...

Dear Brothers,

In order to prepare you for the 50th Anniversary of Alpha Upsilon Chapter of Pi Kappa Phi, the following article on our chartering is reprinted from the October, 1933 Star and Lamp of Pi Kappa Phi. Read and enjoy. For those of you who were there for the festivities - enjoy the memories.

Keith Sheppard

ALPHA UPSILON IS INSTALLED AT DREXEL INSTITUTE

*By Dr. E. R. Allison, Alpha Delta
Assistant Installing Officer*

On the evening of Saturday, May twentieth, the Locust Room at the Penn Athletic Club, Philadelphia, was the scene of a brilliant and inspiring banquet which marked the completion of ceremonies resulting in the installation of the second Pennsylvania and forty-second active chapter of Pi Kappa Phi. Kappa Sigma Delta Fraternity of Drexel Institute, Philadelphia, Pennsylvania, became Alpha Upsilon chapter of Pi Kappa Phi.

The banquet was attended by many distinguished guests and prominent Pi Kappa Phis. Present from Drexel Institute were: President Parke R. Kolbe; W. Ralph Wagenseller, Comptroller of Drexel Institute and Dean of the School of Business Administration; Dr. Leon D. Stratton, Dean of Men; Dr. Edward D. McDonald, Professor of English; and Dr. Robert S. Hanson, Assistant Professor of Chemistry.

Dr. Charles S. Potts, acting president of Brooklyn Polytechnic Institute, came from New York to be present at the second installation of a chapter of Pi Kappa Phi in an institution under the presidency of Dr. Kolbe. Dr. Kolbe was president of Brooklyn Polytechnic Institute at the time

of the installation of Alpha Xi chapter. The visit of Dr. Potts, the warm friend and former close associate of Dr. Kolbe, was an expression of personal interest in the installation of another chapter of the fraternity which they both admire and know so well.

Representing the fraternity were: Supreme Archon A. Pelzer Wagener, Supreme Chancellor Albert W. Meisel, District Archon William J. Berry, and Executive Secretary Howard D. Leake. Because of the initiation ceremonies performed that afternoon there was dual representation in the presence of three of the men from Drexel. Comptroller Wagenseller and Professors McDonald and Hanson were also brothers in Pi Kappa Phi.

Under the able direction of Brother McDonald, who acted as toastmaster, the speeches, talks, and addresses followed one another in smooth combination bringing all the attractions of inspiration, instruction, sincere welcome and jubilation. In the order of procedure the "home team" came to bat first and was followed by the "visitors side." There were heavy hitters in both line-ups and the results were very enjoyable. Outstanding were the inspiring welcomes of President Kolbe and Dean Wagenseller; the congenial yet forceful warnings and counsels from Supreme Chancellor Meisel, District Archon Berry, and Executive Secretary Leake; the friendly congratulation by Dr. Potts; and the scholarly address by the Supreme Archon.

There were enthusiastic and heartfelt expressions from Robert J. Riddle, retiring president of the active chapter of Kappa Sigma Delta; Wilson D. Applegate, archon of Alpha Upsilon, the new chapter; Robert E. Oberholtzer, chairman of the Alumni Control Board of Kappa Sigma Delta;

and Lewis E. Shemery, of Alpha Mu and the Philadelphia Alumni chapters. In several of the speeches, notably those of President Kolbe and District Archon Berry, Oberholtzer and Shemery were commended for their energetic and patient activities which led to the accomplishment of their hopes in the installation ceremonies. The credit is well placed, for it was from the friendship which developed between these two as they worked together in the same business office that Alpha Upsilon chapter came.

The following chapters were represented at the banquet: Philadelphia and New York Alumni, Alpha Mu, Alpha Xi, Psi, Rho, Iota, Alpha Delta, and Alpha. During the banquet some fifty telegrams of greetings from chapters and persons were received and read.

The installation activities began soon after the arrival on Friday, May 19, of Chief Installing Officer William J. Berry with the installing team from Alpha Xi. The team was composed of the following brothers: William R. Johnson, George A. Carleton, 3rd, George D. Everett, Walter Thielke, Arthur L. Koenig, Herbert W. Younkman, Hans D. Theurer, Charles M. Aronsen, Arthur C. Hansen, Jr., and Russell L. Strom. Dr. Elton R. Allison of Alpha Delta and the Philadelphia Alumni chapter acted as Assistant Installing Officer. The pledging ceremony was completed late Friday afternoon, and the other serious work was continued the following morning.

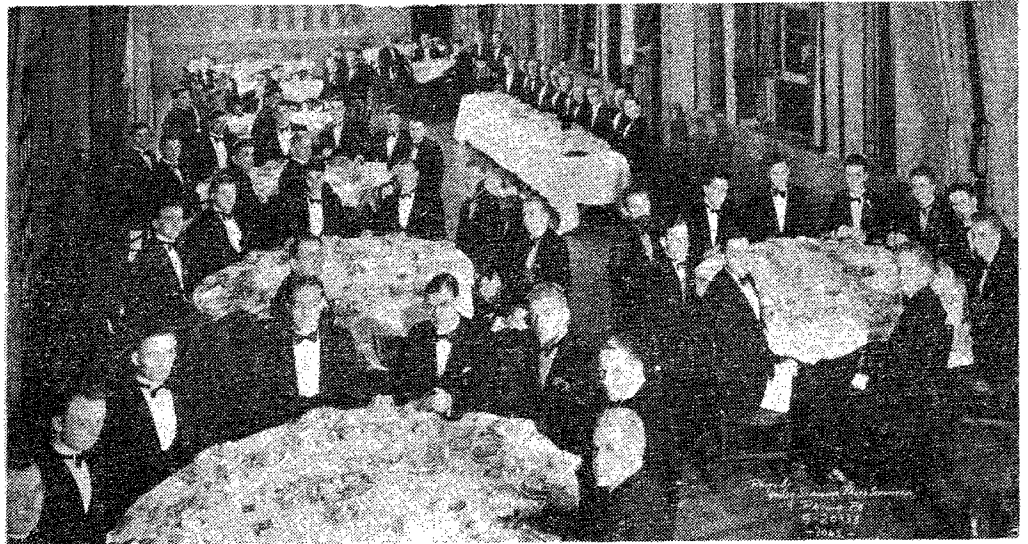

On Friday evening a formal dance and reception was given by Kappa Sigma Delta at the New Aronimink country club near Philadelphia. This is one of the newest and smartest country clubs in the Philadelphia district, with plenty of dancing space both inside and on tiled terraces outside. The fine weather, excellent music, and good spirits of the crowd made everything just right. The dance served to acquaint the visiting Pi Kappas with the

**TENTATIVE 50TH ANNIVERSARY CELEBRATION
MAY 20, 21, 22, 1983
PLAN TO ATTEND - MORE DETAILS TO FOLLOW**

men of Kappa Sigma Delta as well as to give all a very good time. The dance was attended by many members of the Drexel faculty, representing national fraternities and sororities, and also by representatives of local fraternities on the campus.

The initiation proper began Saturday morning and continued throughout the day. These ceremonies were held in the Curtis gymnasium and adjoining rooms at Drexel Institute. Brother Hanson was instrumental in obtaining these quarters for the use of the fraternity. He also helped carry out many of the necessary preliminary arrangements. Besides being a professor of chemistry Brother Hanson is interested in dramatics and coaches many musical and dramatic productions put on by the students at Drexel. Not the least of these is the annual minstrel show given by Kappa Sigma Delta in the past and which will undoubtedly be continued by Alpha Upsilon. These activities had provided Brother Hanson with valuable knowledge regarding the space and accommodations available at Drexel and the fraternity was fortunate in having his cooperation in obtaining what was needed. The installation team performed its duties in a most pleasing and efficient manner in spite of the unusually hot weather which prevailed and the fact that they had none too much sleep the night before because of the festivities at the New Aronimink country club.

The following men of the active chapter were initiated: Wilson D. Applegate, Harvey W. Bush, Robert W. Deemer, John W. Deimler, James B. Henwood, William M. Hawkes, Jr., Lemuel J. Holt, Lane F. McBurney, John H. McCann, William H. Miller, J. Ralph Mulford, Jr., Homer A. Reichert, Robert J. Riddle, Albert Schade,

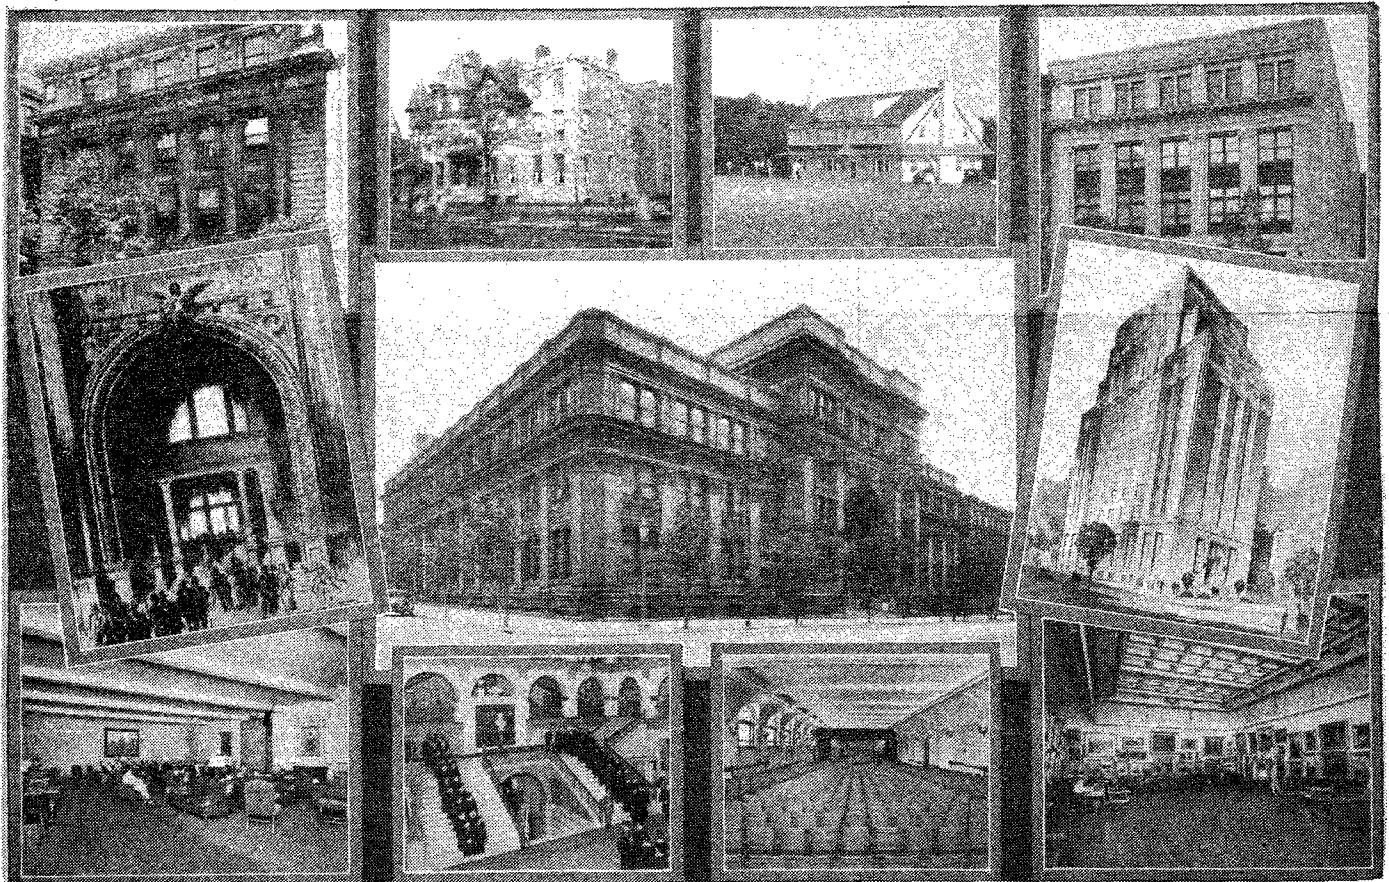

Alpha Upsilon's Chartering Banquet - Saturday, May 20, 1933 in the Locust Room of the Penn Athletic Club in Philadelphia (Star and Lamp - October, 1933).

3rd, Andrew K. Sweeny, Alan S. Thomlinson, James S. Tushingam, Edwin C. Weigmann, and George W. Wiley.

Besides the three honorary members of Kappa Sigma Delta, Dean W. Ralph Wagenseller and Professors Robert S. Hanson and Edward D. McDonald, the following alumni were initiated: Robert E. Oberholtzer, Samuel Alexander Smith, Frederick Arthur Tucker, Charles Sumner Head, Jr., Edward Daris Beddall, Richard Durell Oberholtzer, Herbert Lee Johnson, Samuel Allan Wilson, Lincoln Robert Rou, Jr., Kenneth B. Tomlinson, William Harold Sudell, John McNutt, and Holgar Nielson.

Pi Kappa Phi has a strong chapter in the men who compose Alpha Upsilon. They are an attractive group of active men who insist upon scholastic and financial stability, devotion to the ideals of brotherhood, and participation in campus activities of all kinds which lead to leadership and full expression of their loyalty to Drexel. They occupy an enviable position in the esteem of both the faculty and their fellow students.

Views of "Drexel Institute" circa. 1933.

Chapter Reports

ARCHON'S REPORT

The atmosphere around the fraternity house is constantly becoming more warm and inviting. The attitude of the brothers is very positive and house oriented. At the beginning of the summer term we reseeded the front lawn and painted the exterior of the house. We even have a few guys who are trying their hand at gardening! Moving inside, the appearance is constantly becoming more and more homelike. Over the summer we purchased carpet for the living room and library, and at the beginning of the fall term bought a 25" color television to watch Monday night football!?? We didn't have much Monday night football, but we sure are enjoying the television. Very shortly we will be purchasing a coffee table and end tables for the living room and have some maintenance done to the furniture. The alumni are picking up the tab for these necessities -- thank you alumni! We have hopes of converting the library into a permanent study room calling it "The John Diemler Memorial Room." These very positive physical changes toward the house are only the beginning of what we hope to be major changes.

The brotherhood is 76 brothers strong and is very active in inter-fraternity sports. The volleyball team looked very strong this past summer grabbing second place, and in ping pong we finally had a winning season! The football team also had a fine season. Last but not least, we pulled off the hat-trick at this year's Greek Week competition. This is the third year in a row that we have won it.

The Pi Kapp show last April was a great success. We donated \$1,000 to the childrens hospital and \$500 to P.U.S.H. This year we have increased our pledge to P.U.S.H. up to \$600 and we will once again sponsor the childrens hospital at the Pi Kapp Show to be held in late April or early May.

We hope to see as many alumni as possible in the near future. We are sure you will be impressed with the appearance of the house. Please don't wait for special occasions to stop by the house, stop in any time. You won't be sorry.

Scott A. Kurz, Fall Archon

TREASURER'S REPORT

As Treasurer I feel our fraternity has come a long way. Over the summer we were able to buy new additions that vastly improved the house. These additions consisted of a new color television, carpet for the living room and library.

Although we have come a long way, we still have many goals yet to achieve. We have definite plans to continue putting money into the house to further improve it and make it the best looking house on campus. Our most important goal, however, is to bring accounts receivable down to zero for both undergraduates and alumni. Fred Schmehl and Carl Luff will be contacting alumni with outstanding balances. We have brought back a financial committee to handle the undergraduate accounts receivable. We are taking serious steps such as suspension and if necessary expulsion to obtain our zero balances. We have already seen big improvements with the undergraduate accounts receivable, but, our job is far from over. All brothers are asked to help in this matter.

In conclusion, it will take a zero accounts receivable to enable us to improve the house. All cooperation will be greatly appreciated.

Richard DeSanctis, Fall Treasurer

CHAPLAIN'S REPORT

The brotherhood successfully initiated Epsilon Xi Chapter at LaSalle College on April 17, 1982. Led fearlessly by then Chaplain M. Scott Hall and assisted by the brothers of Seton Hall the event went very well and proved to be an unforgettable experience for all who participated.

Over the summer 15 brothers traveled to the Wildwoods of New Jersey for a weekend retreat and resided at the plush Punta Del Este Estates. The beach crowds were captivated by our exotic sand sculpture (artistic talents were provided by John Byrne and Jim Purington).

In the fall Alpha Upsilon assisted in initiation of Pi Kappa Phi's 100th chapter at Villanova University on December 10 and 11. With LaSalle and Villanova now chapters and St. Joe on the way, Philadelphia is truly becoming Pi Kappa Phi country!

Al Dougal, Fall Chaplain

THANK YOU!

A special thank you to the following alumni who supported the 1982 Alpha Upsilon Voluntary Dues campaign. The student members and the Alumni Corporation of Alpha Upsilon Chapter appreciate your important contribution.

ALPHA UPSILON ALUMNI

Formerly with Bethlehem Steel, SAMUEL A. WILSON, Sr., Class of '28 is now retired and has been well traveled throughout his life. He writes "I have now traveled through over eighty countries of the world. This includes Red China, central and eastern Siberia, Australia, South Africa, Argentina and many more. I have seen the most beautiful structure in the world, the Taj Mahal, walked the Great Wall of China, flown around Mt. Everest, been inside the Chiaps Pyramid in Egypt, on safari in Africa, seen the Cape of Good Hope, been in the outback in Australia, landed on a glacier in a ski-plane in New Zealand. I just returned from a re-visit of European favorite spots. Sam has received the Drexel Alumni Citation for leadership in engineering and this past year received the meritorious service award from the Pennsylvania Council of the Scottish Rite of Freemasonry. Sam and his wife Marian have two children and six grandchildren. His son Samuel A. Wilson, Jr. is also a member of Alpha Upsilon Chapter and graduated in 1961. You can reach the Wilsons at 3080-C E. Blvd., Bethlehem, Pa 18017.

As most everyone knows, JOHN H. McCANN, Class of '35, served Pi Kappa Phi Fraternity as the National Executive Secretary from 1936 to 1943. At that time, the Fraternity's National Headquarters were located in Richmond, VA. Since 1961, John has been self-employed as a Site and Management Consultant in Industrial Real Estate. John and his wife Mary have two daughters and six grandsons. You can reach the McCaen's at 28 Concord Rd., Danbury, Conn. 06810.

SAMUEL R. FOSTER, Class of '39 retired in 1977 from the U.S. Air Force at the rank of major and worked for a couple of years with Philagas Works before retiring to Crystal River, FL. Crystal River is a "little dot on the map, a quiet little town on the Gulf", where Sam plays golf five days a week. Sam and his wife Helen live at Rt.2, Box 343, Crystal River, FL. 32629.

GILBERT S. MERRITT, Class of '42 is now retired, formerly was the executive Vice President of Foster Wheeler Corp. Gil and his wife Margaret live at Rt. 371, Damascus, PA. 18415.

JOHN H. GARDNER, Class of '48 is a Field Sales Manager with Basic American Food Co., which is based in Vacaville, CA. Jack works the midwest area of the country. He and his wife, Louise have four children and live at 52 Kingston Dr., Oakbrook, Illinois 60521.

JOHN A. STEER, Class of '52 is a Management Consultant, a Managing Partner and own-

er of Planmar Consulting BV, and Director and part owner of Planmar Consulting AG in the Netherlands. His work is primarily in the area of data systems and procedures. You can reach Jack at Spelderslaan 12, 2242 St. Wassenaar, Netherlands.

ROBERT WESLEY McKEE, Class of '55 is an Administrative Assistant with the California Polytechnic State University. Bob had served for 23 years in active duty with the Army Infantry. He has also earned his MBA from Michigan State University in 1970. Bob and his wife Susan have three children and reside at 2840 El Cerrito, San Luis Obispo, CA. 93401.

GERALD L' BARKDOLL, Class of '57 is an Associate Commissioner with the Food and Drug Administration out of Rockville, MD. A former Archon, Jake's work with the FDA is primarily in planning and evaluation, where he supervises a staff of fifty five professionals including planning, economic, operations, research, statistical, and management information analysts. He conducts team-building and other organizational development workshops, he has been a major contributor to the design and installation of the agencies performance planning and appraisal system. Prior to 1971, Jake had worked with Union Carbide, Firestone, Snelling and Snelling, and Mobile all in various engineering and consulting areas. He has numerous publications and awards to his credit, including the Meritorious Senior Executive Award, which he received in 1980 from the President of the United States. One of Jake's hobbies is collecting antique penny arcade machines (he now has about fifty) and mechanical musical instruments. Jake and his wife Linda live at 7001 Oak Forest Ln., Bethesda, MD. 20817.

DONALD K' DEMENT, Class of '59 is a Communications Engineering Consultant. Don had retired from U.S. Government service and started his own consulting business in satellite communications, Novacom, Inc. His work covers concepts, program planning and design and has been operating successfully with clients in private and government sectors. You can reach Don at 3002 Valley View Rd., Annapolis, MD. 21401.

EDWARD A. HORVATH, Class of '61 is the Chief Estimator-Design Engineer and Vice President of Waling & Hersack, Inc. in Philadelphia. Ed has been very involved in his community and served in little league baseball for six years, little league soccer for six years, and also as a member of the Board of Trustees in the choir of his church. Ed and his wife Sylvia have two children and reside at

568 Remsen Rd., Philadelphia, PA. 19115.

JOHN ALVIN CAMPBELL, Class of '61 is an Energy & Environmental Control Manager with Armco-Baltimore Works. Jack served in the U.S. Navy after high school and before Drexel. After graduating from Drexel, served the Pi Kappa Phi National Fraternity as a traveling counselor. He has been active in the Baltimore area as a children's bowling coach for the last eleven years, a clinic baseball coach for three years and has participated in several Drexel phonathons in the Baltimore area. Jack and his wife Gloria have two children and can be reached at P.O. Box 1697, Baltimore, MD. 21203.

M. RONALD RADLOFF, Class of '65 is a Technical Superintendent with American Hoechst Corp., Film Division, in Greer S.C. Ron has been active with the Greenville YMCA, serving on a Board of Directors and helped to develop parent-child programs for over five hundred members. In 1980 he was elected YMCA Volunteer of The Year. Ron and his wife, the former Rosalynn C. Lorenz of the University of Pennsylvania, have one son and twin daughters. The Radloff's reside at 330 Hillsborough Dr., Greenville, S.C. 29615.

JOHN JOSEPH PEIRCE, JR., Class of '73 went on to earn his MS degree in Civil Engineering in '78. Jack is a Civil Engineer with the Schnabel Foundation Co., which specializes in the construction of earth support systems, sheeting, shoring, underpinning of buildings and installation of soil and rock anchors. All of which are associated with deep excavation projects. Jack and his wife Beth have three children. They reside at 315 Hertzog Blvd, King of Prussia, PA. 19406.

ALUMNI NEWS IS HARD TO GET!

Dear Alumnus:

We know you are out there! Yes, we do, and we also believe that you are an important part of Alpha Upsilon Chapter's heritage. As one of the 953 initiates of Alpha Upsilon Chapter, we want to hear from YOU. Let us know what is new with your life, or what is still the same. We just want to hear from you! So, fill out the enclosed "Who's Who" form and return it in the envelope provided. Thanks for remembering your fraternity experience, and for sharing your current experiences with us.
