Seven blank musical staves for additional notation.

IT'S STILL MOONSHINE

Some guys are men of distinction
Others make this sign
For those who know their whiskey best
It's still moonshine

Some gals prefer champagne cocktails
Others gin or wine
But those who've made our test all say
It's still moonshine

We take a little corn and some barley too
Put it in a pot and let it stew
It curls around the pipes and cools a little bit
And out it comes - Drip, drip, drip

All those who like gin or lay ran
Have been wasting time
Cause for kicks so great, men don't wait
Try our moonshine

Down South they all drink mint juleps
Sip them all the time
But when you sip, don't be a drip
Try our moonshine

Some say that beer made Milwaukee
Famous in its time
But there are those who do propose
Good old moonshine

We take a little corn and some barley too
Put it in a pot and let it stew
It curls around the pipes and cools a little bit
And out it comes - drip, drip, drip

Next year we'd like back to see you
With some funny lines
But now we say, this is the end
Of our moonshine

We hope that our show has pleased you
We've had a happy time
You've had your fun - before we run
It's still moonshine
